Kolhapur, India

Profile

I am a skilled professional with a strong foundation in web development and software engineering. I successfully completed a 4-month internship at Wolfox Service Pvt Ltd, Kolhapur, where I conducted code reviews, designed high performing landing pages, and managed development milestones. I also engineered efficient databases and applications for backend support.Proficient in MySQL, Bootstrap, HTML, CSS, PHP, Laravel PHP Framework, C Programming Language, and Software Testing, I am eager to leverage my skills and internship experience to secure opportunities in a dynamic and collaborative work environment

Education

M.Sc (Computer Science)

- **CSIBER College of Kolhapur**   *2024*

B.Sc (Computer Science)

- **DKASC College, Ichlkaranji**   2022

Internship

Wolfox Service Pvt Ltd, Kolhapur

I successfully completed a 4-month internship at Wolfox Service Pvt Ltd, Kolhapur. I work at Bhagyashree Khot under guidance. Conducted code reviews, debugged issues, and implemented necessary corrections. Designed and constructed high-performing landing pages using HTML and CSS, ensuring seamless integration and cross-browser compatibility. Engineered efficient databases, applications, and servers to uphold backend support for websites

- **PROJECTS**
  - Blog mangement system

    "I am developing a blog management system in PHP, working on both the frontend and backend. The frontend uses HTML, CSS, and the Bootstrap framework for responsive design, while the backend handles core PHP functionality. Additionally, a third-party application is integrated for a pure chat contact form."

  - Ev charging system

    "I am developing an EV charging system in PHP, focusing on backend development. My work includes creating a master page for consistent layout, designing and managing the database, and integrating payment gateways for seamless transactions."

  - Dr. Chandru's Prakritik chikitsa- Naturopathy

    "I am working on a project titled 'Dr. Chandru's Prakritik Chikitsa - Naturopathy,' focusing on the frontend. The design leverages HTML, CSS, and the Bootstrap framework for responsiveness, with integration of a third-party application for additional functionality."

  - Nisarg resort

    "I am working on a project titled 'Nisarag Resort ,' focusing on the frontend. The design leverages HTML, CSS, and the Bootstrap framework for responsiveness, with integration of a third-party application for additional functionality."

Skills

- Front End: HTML , CSS , Bootstrap , Javascript
- Back End: PHP
- Database: MYSQL
- Framework: Laravel
- Applied Skills: Email Gateway , Phone Pe Gateways

Project

- **Budget and expense tracker system**
